
Title: Dupre baby scandal!

Author:

Anonymous sources confirm that Lord Dupre, current leader of the Crux Ansata, is the likely father of a baby soon to be born out of wedlock to an underage mother. While the girl's name is

currently being withheld, it is believed possible that Dupre kept her as a domestic or other sort of servant, only to cast her away from his estate upon discovering her infelicitous condition. No

financial support or other aid has been rendered to the girl, who now relies upon the charity of friends to survive. Many believe that Lord Dupre is no longer fit to lead the Knights of the Crux

Ansata, and would be wise indeed to step down.
